

AUTO CLUB PLANS FOR CLUB HOUSE

May Be on County Road; Probable Cost About \$5000.

Although no plans have been definitely made, the El Paso Automobile club is considering the erection of a club house to be situated on the county road nine miles southeast of El Paso. It is suggested that a concrete structure to cost \$4000 or \$5000 be built on such a plan that it may be added to from time to time as the membership increases and the demands for more room are made.

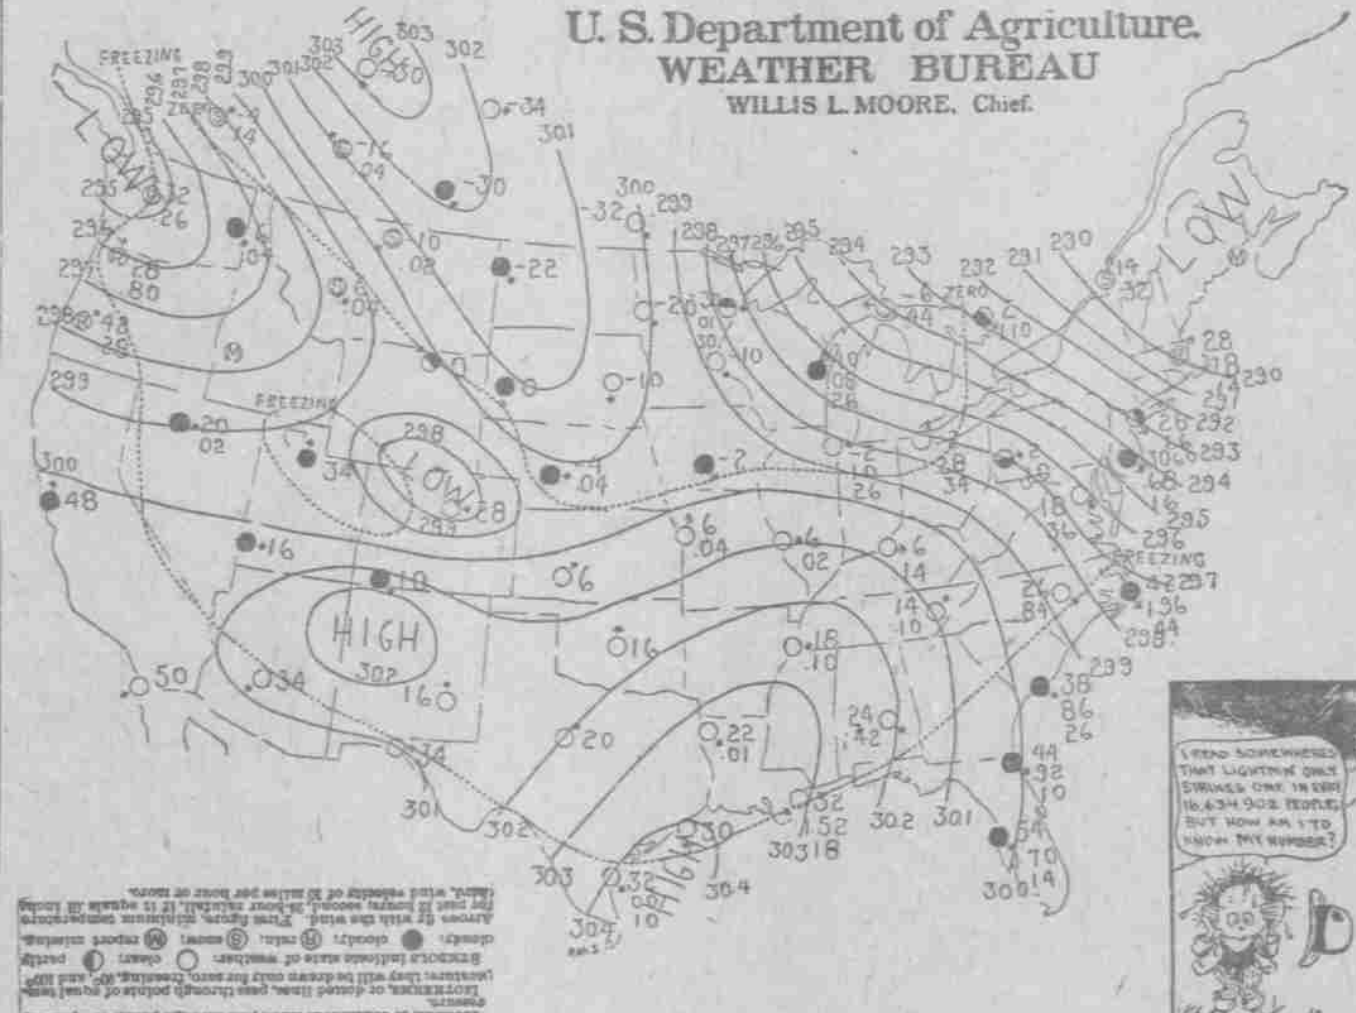

This will be a sort of a country club to which the members may take a run whenever they are so disposed. It will be built close to the paved macadam road down the valley and will be arranged for the convenience of members with suitable accommodations such as are generally demanded for automobiles.

COUNTY HOSPITAL REPORT SUBMITTED

Removal of Old Dam Above Canutillo Bridge Is Requested.

At the meeting of the county commissioners Monday afternoon the report of county health officer Hugh S. White was received. This shows that during the month of December there were entered at the county hospital 21 patients, 20 were discharged and on January 1, 21 remained. There were 21 patients treated in the hospital. 464 were seen at the clinic. 1224 consultations were held at the clinic and 23 visits were made in the city.

Sam Gillett appeared before the commissioners and petitioned that the old dam above Canutillo in the Rio Grande be removed, as flood waters being impounded there endangered the Canutillo bridge. The matter was referred to county judge A. S. J. Kaylor for investigation.

DEVELOPMENT ROSWEL HAS BOOM IN BUILDING LINE

New Year Starts With Rush in Construction of Business Blocks.

Roswell, N. M., Jan. 9.—Another three-story building is being contemplated in Roswell.

A capitalist from the east has an option on the corner of Richardson and Fourth just across the street west from the \$130,000 government building now under construction. If the deal goes through this same capitalist will build a three-story building, and open a large department store.

The reality men piloting the deal refuse to divulge the name of the party. Building activity is going to be fast if the signs of the times read aright.

The First National bank will shortly start a handsome structure. Price & Co. are building on Main street close to the Roswell Printing company; J. B. Soeller is having the material hauled on the ground for his one story business house. Other buildings are under contemplation and many residences are to be built, owing to the scarcity of houses.

Harry Waite, living 13 miles east of Roswell, firmly believes there is oil under his soil, in commercial paying quantities, to the extent that he is going to drill another well, guarding it as he would his life. While drilling a well on his place last summer, the workmen struck a rich flow of oil. An enemy of Mr. Waite's thought to do him damage by placing a stick of dynamite in the hole. The force of the explosion crumbled the rock and dirt losing the oil flow, but an extra fine flow of water resulted. Other parties are planning to dig holes to test the flow under the Roswell vicinity. The latest find was at the Yellow House ranch, north of here, where at a depth of 1500 feet, a paying streak was had.

J. E. Kipling, of the Kipling Candy company, has bought of F. A. Thelan, the Sanitary Food company, manufacturers of the "Princess" butter. The plant has a capacity of 600 pounds a day.

The Roswell Manufacturing Co. is building a plant on the east side, and will begin the manufacture of orchard heaters, and making cement tile about the first of the month.

PLAINVIEW TO EXTEND ITS TELEPHONE SYSTEM

Plainview, Tex., Jan. 8.—The North-West Texas Telephone company announces extensive improvements in its system at Plainview for the coming year.

On account of crowded facilities a new brick building will be put in and also the modern flash-light system will be installed. These improvements will enable the company to handle a larger volume of business. The copper toll line will be extended from Plainview to Floydada in the near future.

There are at present 500 phones in at Plainview and local manager Joe Ryan challenges the state for a better collection record than he has made this past year. Out of a total business for 1911 of \$19,000, he has collected all but \$47.50 and says that he will turn that in, even if he has to pay it himself.

A Pint of Unequaled Cough Syrup for 50c

The Quickest, Surest Cough Remedy You Ever Used, or Money Refunded. Stops Even Whooping Cough Quickly.

You may not need the \$2 which a 50-cent bottle of Pinex saves you, but you do need the wonderful effectiveness of this famous cough remedy. It will usually stop the most obstinate deep-seated cough inside of 24 hours, and has no equal for whooping cough.

A 50-cent bottle of Pinex, mixed with home-made sugar syrup, gives you a full pint—a family supply—of the most pleasant and effective cough remedy you ever used. Easily prepared in five minutes—directions in package.

The way this takes hold of a cough and gives instant relief, will make you regret that you never tried it before. PARLIN & ORENDORFF IMP. CO., DALLAS, TEXAS

ALL STOMACH TROUBLE VANISHES AFTER TAKING A LITTLE DIAPEPSIN.

No Indigestion, Gas, Heartburn or Headache five minutes later.

If you had some Diapepsin handy and would take a little now your stomach distress or indigestion would vanish in five minutes and you would feel fine.

This harmless preparation will digest anything you eat and overcome a sour, out-of-order stomach before you realize it.

If your meals don't tempt you, or what little you do eat seems to fill you, or you have a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion. Ask your pharmacist for a 50-cent case of Diapepsin and take a little just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach. Nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no undigested food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is certain cure for out-of-order stomachs, because it prevents fermentation and takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is at any drug store waiting for you.

These large 50-cent cases contain more than sufficient to thoroughly cure almost any case of Diapepsin, indigestion or any other stomach disturbance.

Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar, a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 140 Washington St., Monticello, Ill. Your name and address on a postal card will do.

It personally to their families than any other laxative.

Letters recently received from Mrs. J. E. Walker, Phoenix, Texas, and Ben. Valentine, Zullinger, Texas, are but a few of thousands showing the esteem in which Dr. Caldwell's Syrup Pepsin is held. It is mild, gentle, non-griping—not violent, like salts or cathartics. It cures gradually and pleasantly so that in time nature regains its own work without outside aid. Constipated people owe it to themselves to use this grand bowel specific.

In the opinion of legions of reliable American people the most stubborn constipation imaginable can be cured by a brief use of Dr. Caldwell's Syrup Pepsin. You may not have heard of it before, but do not doubt its merits on that account, or because it has not been blatantly advertised. It has sold very successfully on word of mouth recommendation. Parents are giving it to their children today who were given it by their parents, and it has been truthfully said that more druggists use

DEVELOPMENT HOMESTEADERS PREPARE TO FARM

San Simon Valley to See Much Improvement in Spring.

Bowie, Ariz., Jan. 9.—The homesteaders who have moved to their locations are now busy with improvements, and letters have been received from others stating their intent to move in soon and there is promise of much development in this end of the San Simon valley.

As an indication of what is possible in a new homestead proposition, and particularly in the San Simon valley, is demonstrated, by making hand well drilling machines, and a number of wells have and are being drilled by this method successfully, some are churn, and others rotary drills, operated by two or three men, and often drilling as fast as 18 to 25 feet per day.

D. E. Gilchrist, one mile north of Bowie, has commenced on his homestead, and has a well drill now at work putting down a well, having already arched well shafts 18 inches deep from the surface to the water level.

Mr. Carter, three quarters of a mile west of town, states he will soon have a well drilled and intends to put out 10 acres of fruit this spring, and the cultivation of at least 40 acres.

E. P. McClellan, who scribbled one section of land in the eastern end of the San Simon valley, states he has contracted for an artesian well, and intends to put out 100 acres of fruit this spring.

Mr. Gordon is expected home from Italy, N. M., in a few days, and his estate and pump are also due. A pit will be sunk at once to the water level and the pumping machinery installed at once for irrigation.

Mr. Jaques' oats and wheat, sown in November are looking fine, and the moisture on ground plowed at that time has drilled through. Douglas is inspecting the property, which is of immense acreage. Stanton A. Hyer, of Rockford, Ill., is president; Frank M. Watta, of Douglas, vice president; an attorney, manager; L. C. Castillo, of Hermosillo, secretary and treasurer. One of the largest commercial clubs sign near the station and in view of the S. P. trains is attracting much attention.

LAND SALE APPROVED; AUTO ROAD FAVORED

Douglas, Ariz., Jan. 8.—The annual meeting of the Wheeler Land company was held in Hermosillo, the stockholders meeting through Douglas to inspect the property, which is of immense acreage. Stanton A. Hyer, of Rockford, Ill., is president; Frank M. Watta, of Douglas, vice president; an attorney, manager; L. C. Castillo, of Hermosillo, secretary and treasurer. One of the largest commercial clubs sign near the station and in view of the S. P. trains is attracting much attention.

Word has been received from Deming that the chamber of commerce at that place is ready to cooperate with that of Douglas in securing a feasible automobile road from El Paso west. Only a small amount of work in the vicinity of Deming is needed. The Deming chamber recently elected its new officers and appointed new committees the latter explains. As soon as these can get to work the matter will be given attention.

MUCH BUILDING IN PROGRESS AT CLOVIS

Clovis, N. M., Jan. 9.—The Oklahoma rooming house, water tank, partially destroyed by fire about a month ago is being rebuilt as is also the Olsen block on Main street, which suffered a similar disaster some three months ago. Besides these two, the Catholic church, a splendid brick, and a modern residence for H. Skarda are in course of construction. Much additional building improvements are being entered, including a \$15,000 Santa Fe hospital. It is now look as though Clovis is to have an active building period this spring.

Love, one of the owners of the Lone Star Lumber company in this and several other New Mexico towns, and who makes his headquarters at Belmore, spent several days here. Mr. Love reports a decided increase in the lumber business in eastern New Mexico within the past three months.

Remember, when considering the installation of an irrigation pumping plant, that efficiency and durability are what count. Goulds centrifugal pumps and Wills gasoline engines stand for low cost, long life, and absolute reliability. Full information gladly furnished by H. A. Carpenter & Bro., El Paso, Tex.

DEVELOPMENT GERMAN FARMERS SETTLE AT MIDLAND

Colony Will Cultivate 13,000 Acre Tract Near the Town.

Midland, Texas, Jan. 8.—Another large colonization project for the Midland county has been successfully financed and the farmers who will settle on the tract are now coming in. J. M. Jamison, of Denison, Texas, has purchased 13,000 acres and will settle the entire tract with German farmers from Minnesota and Wisconsin. The first of these Germans have arrived in Midland and will proceed to break ground at once. Mr. Jamison states that the greater part of the tract will be irrigated from shallow wells and alfalfa and other good ravens, producing crops will be raised. Mr. Jamison attended the recent irrigation well celebration at Midland after seeing the great possibilities for irrigated farming decided to buy in this section.

MILLION DOLLAR PROJECT IN SAN JUAN COUNTY APPROVED.

Santa Fe, N. M., Jan. 8.—Territorial engineer Charles D. Miller has approved the application of Putnam & Burke, of Denver, for 150 second feet of Las Animas river water, 30,000 acres in San Juan county on the Colorado boundary, the project to cost a million dollars. The height of the largest dam will be 100 feet. The dams will be of concrete. To forestall protests against the project a meeting of other water claimants was held in Santa Fe in engineer Miller's office, and the rival claimants signed a contract which eliminated any possibility of protest. Work is to be begun within this year.

LACKED CONFIDENCE STILL IT HELPED

Happy Experience of Ridgeley Lady, Who Describes Her Own Narrow Escape From Death.

Ridgeley, Tenn.—Mrs. Jennie Estes, of this place, writes: "I want to say something good for Cardui. I can't begin to say enough. I was sick abed with womanly troubles, from February until October, and was in very bad condition. The doctor came to see me, three or four times a week, but he did me no good. One day, I thought I would give Cardui a trial. I had no confidence in it at all, but I bought a bottle. In a few days, I was up and doing my housework. Now, I have gained 25 pounds, and am feeling as well as I ever felt in my life. If it had not been for Cardui, I honestly believe I would have been in my grave. I advise all sick and suffering women to take Cardui. It cured me when all other medicines failed."

In the past 50 years, thousands of ladies have written, like Mrs. Estes, to tell of the benefit received from Cardui. Such testimony from those who have tried and know Cardui, surely indicates the value of this reliable woman's remedy.

For quick relief from all forms of womanly trouble, Cardui is the medicine you need. Try it.

Clergyman's Son Cured of Tuberculosis

Consumption is a flattering disease and the sufferer is filled with bright hopes of improvement. Call it his own effort, or the work of a doctor, or the work of a medicine, but it is effective in Tuberculosis. No one need doubt about it—there is plenty of evidence from the witnesses. Investigate the following:

Amelia, N. Y. "Gentlemen: Prior to Feb. 1907, I was (locked) in Rochester, N. Y., suffering with LaGrippe, which developed into Tuberculosis. My physician gave me no hope to live. I was having terrible night sweats and mid-day chills and losing flesh rapidly, having gone from 155 to 135 lbs. I coughed and raised continually and became so weak that walking a few feet exhausted me. On my return home, my regular physician gave me little encouragement. My father who is a clergyman, heard of Eckman's Alternative and induced me to take it. The night sweats and chills disappeared. My cough became easier and gradually diminished and in a few days I developed an appetite, the first in months. I am now in perfect health, back to 155 lbs. I feel certain that I owe my life to Eckman's Alternative."

(Signed) E. H. COWLES

"Gentlemen: I cannot find words to express my appreciation of what your remedy has done for my son. It changed despair into hope within two weeks after he began taking it, and without any doubt in my mind, it saved his life."

I wish to add my endorsement to every word of the testimony above given. (Signed) REV. J. J. COWLES
